

Tom Hoban

I am a retired BVSD teacher, having taught 3rd, 6th, and 4th grades at Eisenhower Elementary for 29 years. I have a bachelor's degree in psychology from C.U. I'm enjoying my time as a tutor for BLT because I've always loved working with children and it enables me to indulge my passion for improving elementary school science education.

Since retiring I have had more time to work on improving my skills as a guitarist and to pursue my enjoyment of drawing by creating a line of humorous greeting cards. I enjoy cooking, fly fishing, backcountry skiing, backpacking, hiking, traveling, reading, and volunteering in my daughter's 4th grade classroom.
